This Plan will be updated as required and formally reviewed annually.

2.0 Plan Activation

2.1 Circumstances

This Plan will be activated in response to an incident causing significant disruption to the school, particularly the delivery of key/critical activities.

Examples of circumstances triggering activation of this Plan include:

- Loss of key staff or skills e.g. above normal levels of absenteeism due to illness or other scenarios such as severe weather, transport disruption
- Loss of critical systems e.g. ICT failure, power outage
- Denial of access, or damage to, facilities e.g. loss of a building through fire or flood, or vandalism; an external emergency with the School in the Emergency Service's cordon preventing access, severe weather scenarios or utilities failure
- Loss of a key resource e.g. an external supplier/partner vital to the delivery of a critical school activity such as the IT or catering provider or providers of transport.
- Other catastrophic incidents on the school site or outside school resulting in the death of a teacher or Student.

2.2 Responsibility for Plan Activation

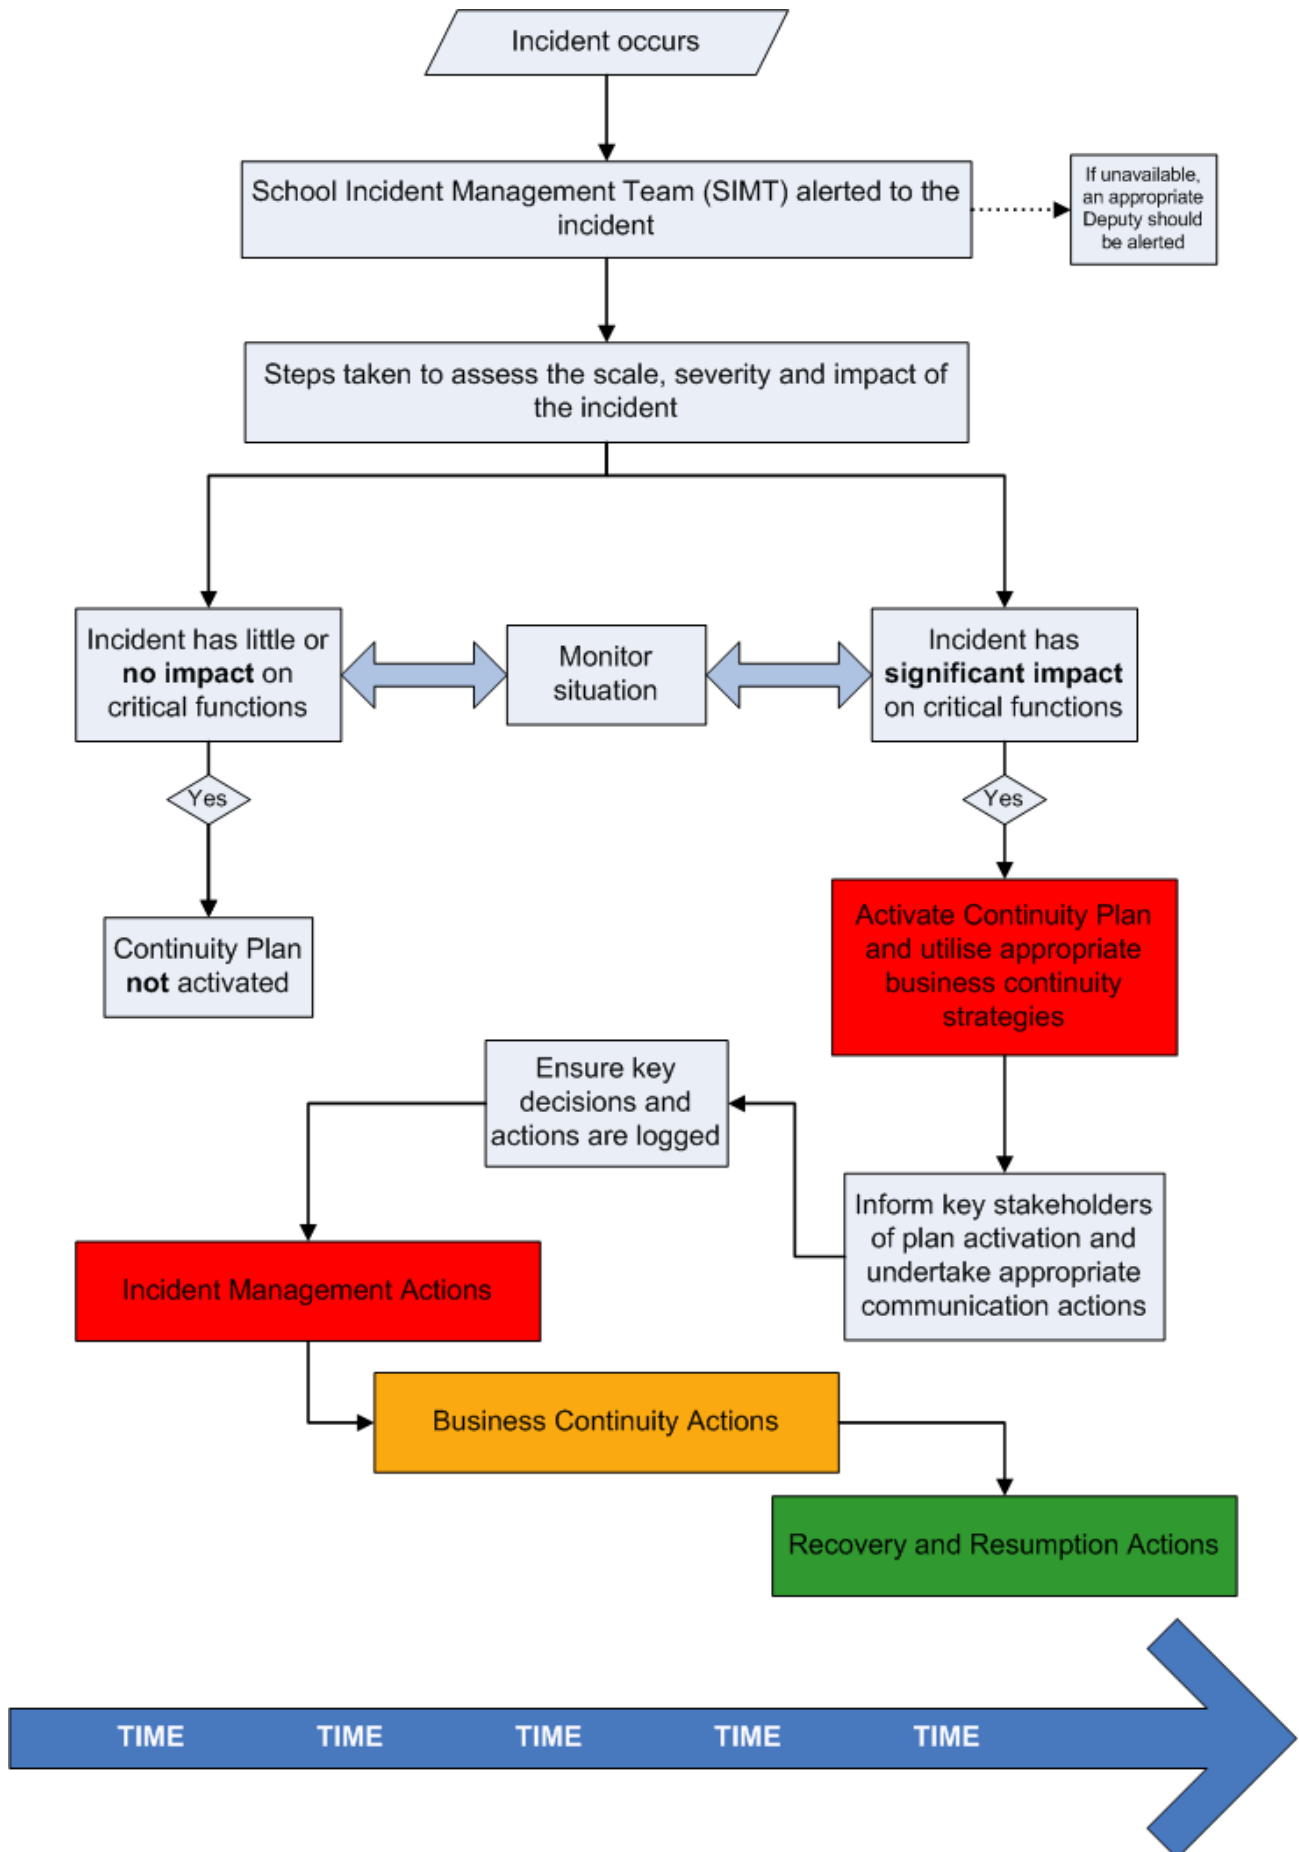

The Headteacher (or Deputy Headteachers in the Head's absence) will activate this Plan when required.

2.3 Escalating a Serious Incident All serious incidents should be reported to the Major Incidents/Major Emergencies Helpline at London Borough of Haringey on 020 8489 0000 (Office Hours and Out of Hours, including weekends).

If the incident is deemed to be of a 'critical' nature, the Critical Incident Plan will be activated and other Council Services and partner agencies will be notified to respond as appropriate (e.g. communications experts, public relations), and a LBH support team as appropriate. Full details including contact details are included in the plan in the relevant section.

Staff should be informed that they should not talk to the media and if necessary contact the LBH Public Relations team who will deal with all enquiries.

5.0 Emergency Continuity

5.1 Purpose of the Emergency Continuity Phase

The purpose of the Emergency continuity phase of our response is to ensure that critical activities are resumed as quickly as possible and/or continue to be delivered during the disruption.

This may involve activation of one or more of your Emergency continuity strategies to enable alternative ways of working.

During an incident it is unlikely that we will have all of our resources available to - it is therefore likely that some 'non-critical' activities may need to be suspended at this time.

Data storage

Essential data is stored on high capacity devices and encrypted. The school's Media Manager keeps the devices in a fire proof safe off-site more than one kilometre from the school.

A reciprocal arrangement is in place for The Willow to store data at Riverside.

6.0 Recovery and Resumption

6.1 Purpose of the Recovery and Resumption Phase
